GENERAL MOTORS LLC IGNITION SWITCH LITIGATION

This Document Relates To:
Robinson v. General Motors LLC, 21-MC-403

ORDER

JESSE M. FURMAN, United States District Judge:

This case has been formally assigned to the undersigned after being ordered transferred from the Western District of Missouri on April 14, 2021. 21-MC-403, ECF No. 6. That same day, the Court denied Brett Emison's motion to quash to the extent he asserted categorical attorney-client and/or work product privilege objections for the reasons stated on the record at a conference conducted remotely by telephone. 14-MD-2543, ECF No. 8491. Accordingly, the Court sees no reason to keep this miscellaneous case open. However, as the Court previously explained, *see id.*, Mr. Emison may raise specific objections, including assertions of the attorney-client or work product privileges, which the Court will adjudicate in accordance with its standard procedures. The parties should make any future filings relevant to such disputes on the 14-MD-2543 docket only.

The Clerk of Court is directed to close 21-MC-403.

SO ORDERED.
